

YOUR FLOW

Job assigned → Confirm due date → Work and log progress → Upload design files → Save brands → Submit for review → Answer clarifications. Button names are shown like **this** ; menu paths like **My Jobs** → **open a job**.

DEADLINES TO WATCH

Confirm or request another due date within **4 working hours** · Log progress daily · Answer Estimation clarifications within **1 working day**.

1 A new job arrives

- 1 You get a notification "**Design job assigned**". Your home screen **My Jobs** lists your jobs with their colour status.
- 2 Open the job and, within 4 working hours, tap **Confirm due date** – or **Request another date** with a reason (the Design Manager decides).

2 Understand the request

- 1 Read **Scope from sales** and the **Client expectation** (solution level, preferred brands, origin, budget).
- 2 Open the attached drawings and documents. Tap **Open inquiry** to see the full request.

3 Work and log progress (daily)

In **Work and log**:

- 1 Enter the **Progress %**, the **Hours to log today**, and tick the items in the **Deliverables checklist**.
- 2 Tap **Save progress**.

4 Upload the design files

Under **Design files**:

- 1 Upload drafts as **+ Draft** while you work.
- 2 **Lighting** final set as **+ Design pack**: layouts, calculation reports (DIALux / Relux), luminaire schedule, controls.
- 3 **Electrical** final set: single-line diagram, DB and cable schedules, load and voltage-drop report, electrical BOQ.

5 Brands and submit

- 1 Under **Brands specified in the design**, enter the brand per product group and tap **Save brands**.
- 2 Tap **Submit for review**. The Design Manager reviews within 1 working day.
- 3 If returned, the comments appear at the top – update the files and submit again.

6 Waiting for the client?

- 1 Tap **Put on hold**, choose the reason and who you are waiting on. The clock pauses (grey).
- 2 Tap **Resume** when the information arrives.

+ Also yours

- **Clarifications from Estimation:** questions from the estimator appear on the job. Tap **Answer** within 1 working day. Upload revised files as new versions – the estimator is notified.
- **Running late?** On the inquiry page, your red stage timer has a **Delay reason** button. Enter the reason and a revised date – sales and SM Projects are informed.
- **Reports:** your own job history, on-time % and hours.
