

YOUR FLOW

Saturday: upload the debtors list → During the week: legal cases and collection mismatches → Samples: check availability, dispatch, record return. Button names are shown like **this** ; menu paths like **Debtors Upload** → **Choose Excel file**.

DEADLINES TO WATCH

Debtors upload every **Saturday** (reminder at 16:00; if nothing is uploaded by 22:00, SM Projects and GM / DGM are alerted on Monday 09:00) · Sample availability check within **1 working day** · Legal hearing updates the **day after** each hearing.

1 Your home screen

- 1 Menu: **Home** · **Debtors Upload** · **All Debtors** · **Samples** · **Approvals** · **Reports**.
- 2 Home shows the last upload, **Legal cases**, **Collection mismatches**, **Hearing outcome to enter**, and the samples queue: **Availability to check**, **Approved – to dispatch**, **Out – due for return**.
- 3 You do not see visits, pipeline, inquiries, design, estimation or scorecards.

2 Saturday – upload the debtors list

Debtors Upload:

- 1 First time only: tap **Download template**. Columns: Project name, Client, Invoice number, Invoice date, Outstanding amount, Currency (LKR / USD), Outstanding days, Sales person (optional).
- 2 Fill the template from the accounts system (one row per invoice) and save it.
- 3 Set **As at** (the statement date) and tap **Choose Excel file**. The system checks every row and shows a **Preview** with totals and errors.
- 4 Rows marked **Project not matched**: tap **Map** and pick the right project. Fix any other errors in Excel and upload again.
- 5 When there are no errors, tap **Confirm upload**. New invoices are added, amounts and days are updated, and invoices no longer in the file are cleared.
- 6 Sales people and managers are alerted automatically when debts cross 60, 120 and 180 days.

3 Legal cases (only you can set Legal)

Open the debt from **All Debtors**:

- 1 Tap **Place under Legal**: a short description (max 180 characters – case, court, lawyer, stage) and the **next hearing date**.
- 2 Two days before each hearing, GM / DGM, SM Projects and you receive a critical notification.
- 3 The day after a hearing: tap **Update legal / next hearing** with the new date, or **Close legal case** with the outcome.

4 Collection mismatches

- 1 A debt marked **collected** by sales but still in your latest file is listed under **All Debtors** → **Collection mismatch**.
- 2 Check with accounts and the sales person, then correct it in the next upload.

5 Samples – check availability (within 1 working day)

Open the request from **Availability to check**:

- 1 Tap **Record availability** : **Available**, **Partly available** or **Not available** (with the reason or expected date).
- 2 SM Projects then approves or rejects the request.

6 Samples – dispatch and handover

From **Approved – to dispatch**:

- 1 Arrange dispatch to the **Handover location** by the **Required at site by** date.
- 2 Under **Documents and delivery note**, add **+ Delivery note / handover photo** (signed delivery note or photo).
- 3 Tap **Record handover** with the handover person. The expected return date starts counting.

7 Samples – return

From **Out – due for return**:

- 1 When a returnable sample comes back, tap **Record return** with its condition: **Good**, **Damaged** or **Incomplete**.
- 2 Damaged or lost samples are flagged to SM Projects. Overdue returns are reminded to the sales person automatically.

+ Also yours

- **Upload history**: every past upload with its totals, under **Debtors Upload**.
- **Reports** → **Debtors ageing report** – export to PDF or Excel for management.
